

TO(O) TITAN(IC)

A Plea for a safer Sea

No more signal

Off the radar
 Searching wider
 Further, tighter
 A world's cue
 To the rescue
 Sonar,
 too far
 No more signal
 Ocean tearful

Safety plea

Expedition,
 Premonition
 Self made vessel,
 All time hustle
 No good fortune
 Sordid torture
 North rim, south rim
 Seadream, seagrimm
 From future to seas
 "More safety please"

Diving to danger

Once more a Titan, Taken Poseidon

DIVING TO DANGER

THRIVING LIKE RANGERS

PART OF THE DEEP BLUE,

OLD TO NEW

NEW TO OLD

JUST TOO BOLD

ONE WITH

TITANIC

JUST LIKE TITANIC

ONCE MORE A TITAN

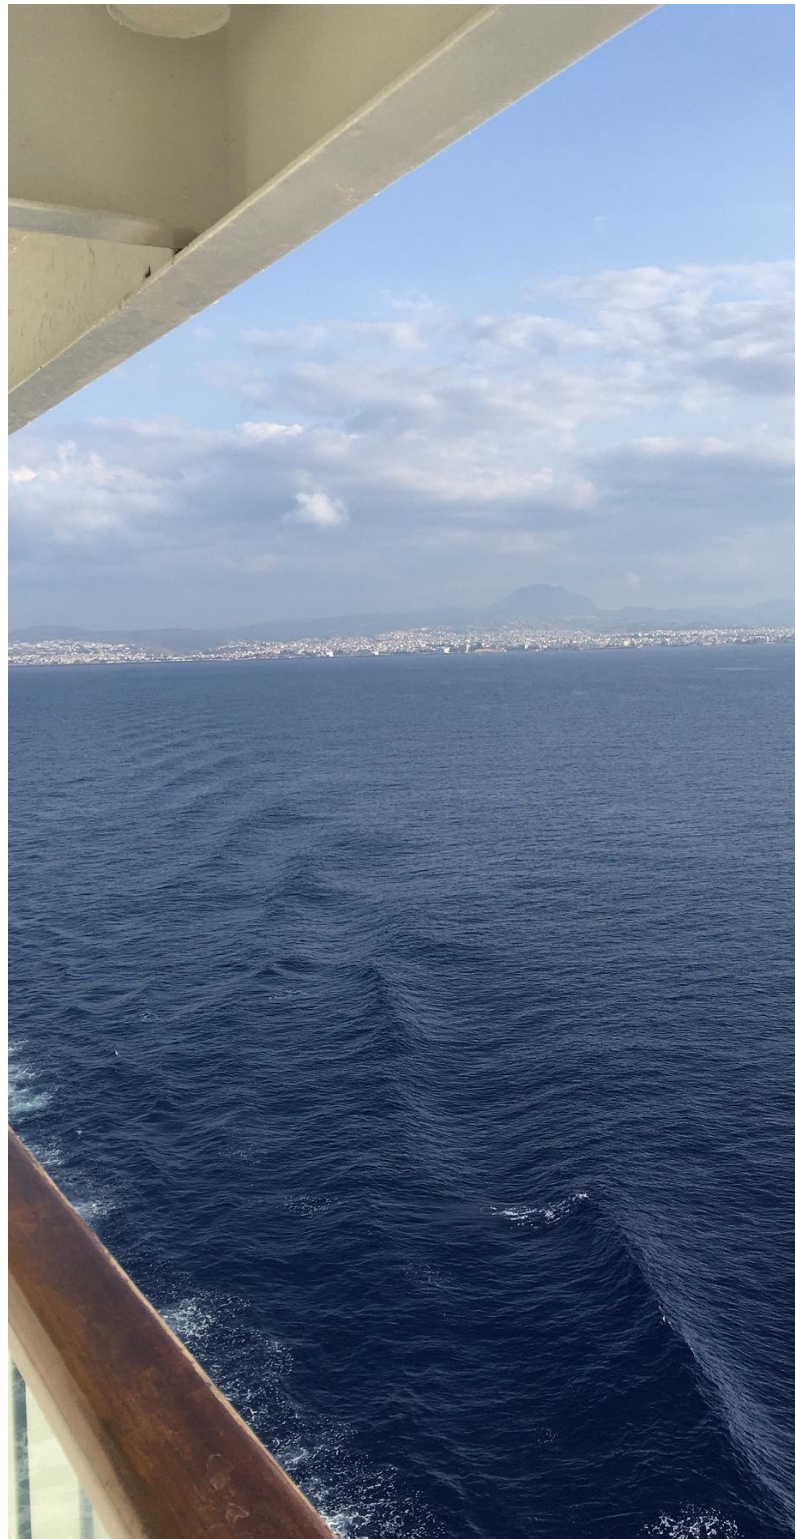

TAKEN, POSEIDON

Iceberg Right Ahead !

Iceberg right ahead !
Wise men blinded, lead
By profits, spread
Iceberg right ahead !
Twice men failed to read
Danger, harm,
Their captain-charm
Too close, too warm
Too bold, untold
A story retold, unfolds,
the phase they call
a case too cold
Iceberg right ahead !
Ice on deck
Mice, men, ship, wreck
Mystery defeated
History repeated

Lost at sea

Lost at sea
So many
A dice, A price
Way too high
Way too low
In perfect storms
No good forms
Malfunction norm
For those lost at sea,
who are we, let them be

**For oceanviews, old and new,
safety first, for us, for you
Then enjoy the deep seablue**
