

PRIME RHYMES

Season's greetings and thank you meetings

Dear readers

*With this line,
I thank you for your time
My rhyme-time,
Your fun-time*

*Subscribers,
Dear lighters
Inspirers
To writers*

*Who reads me,
Might lead me
Dear readers,
Sheer feeders,*

*Have yourselves
A lot more merry
Muffins, Berries
Lovin' Fairies*

*Christmas-wishes,
Party-dishes
And some luck too
Under the mistletoe*

A Christmas Rhyme

In storytimes, December shines

**A Christmas tale, a fairy tale, a merry tale, no mermaids tail, a manmade tale, a
handmade tale, a handmaids tale, a courageous trail,**

**Ghosts of the past,
made most of
your pass
Ghosts of the present,
grant us a present,
and some season's greetings
from long distance feelings**

**Ghosts of the future,
Be ready to nurture
A feeling that's mutual
Worldpeace in timebells,
Like all's well that ends well**

Wishing Well 🏺

Wishing well,

*Please tell
about your spell
why people dwell*

*I wish them well
a holy grail
besides the fail*

*Wishing well,
your words ring
like a Christmas bell*

*you're something
from a fairy tale
like that holy grail*

*A happy-ever-after;
in your water
lives the laughter*

All things tender

*Nothing's lost
in ice and frost
not even a past in dust*

*cold still holds
warmth inside
where peace tops pride*

*winter wonders
vintage wanders,
finds this message under*

*In December
we remember
all things tender*

The only thing missing here are Santa's reindeers

Snow Angel

*Snow~Angel, Grow~Angel
Float~Angel, Glow~Angel
Never~Stoop~Low~Angel
Don't~Go~With~The~Flow~Angel
Ever~So~Slow~angel, Real~Row~Your~Boat~Angel
Wow~Angel, Throw~In~The~Snow~Angel*

*Erase and Rewind
Leave anger Behind
Remain kind
At all times
In between Rhymes
Find the Right Lines*

*While winter grows (c)old,
Stories are told
In silver and gold*

*As Christmas Unfolds
Snow Angel,
Be Bold*

*Real time Snow Angels 🧑🏻‍🦋🎵🎹
(picture by Edith Ysermans)*

*Spellbound,
Once upon a ferris wheel*

*To whom might steal
My ferris wheel,
Not just for its look and feel
But what makes it turn around*

*Let just overturn default
An ever lasting spellbound
All that's lost, can still be found
On higher ground*

Frost

*Not all is lost
That past in dust,
A lot it cost*

*Not made to rust
Preserved in frost
Melt it must*

*A leaf that falls, can't be recalled
from high to low
a new one grows
It's made out of what's left untold
On paper, still to unfold 📖*

Lots to do in Twenty Three as Twenty Two 💡

Merry Christmas to all of you !
